

Blizzard Update January 27, 2015

The snow emergency declared by the City of Nashua will end on Wednesday January 28th at 10:00 a.m.

Public Works has made remarkable progress in this historic storm today, however there is still more work to do this evening. We will have crews working all night to continue clearing those residential side streets and cleaning up the primary routes. As a reminder, regularly plowed sidewalks will not be plowed until Friday at best. Residents are asked to stay off the roads while the plows are in operation for their safety if possible.

Residents are asked to give themselves extra time in the morning to clear their driveways to get to work. It is very likely that residual snow will be plowed into driveways during the process of final clean up on the streets. Currently many streets are only plowed to one lane width and will need to be widened overnight.

Parking of cars on the street and in the municipal surface lots is prohibited until 10 a.m on Wednesday January 28th. The overnight parking program is suspended during this snow emergency. FREE parking will be available in the Elm Street and High Street garages during the snow emergency. No on-street or municipal surface lot parking is allowed during the emergency.

During the hours of the snow emergency, the City of Nashua will be towing vehicles remaining on the street and in the municipal surface lots. Owners of towed vehicles may retrieve their cars at the Solid Waste Department (Landfill) and must pay a fine of \$295 (cash, money order or credit card only). Please note that cars may be picked up at the landfill scale house at all times during the snow emergency. After the snow emergency has been lifted at 10 a.m. on Wednesday, cars may be picked up during normal business hours. Please call the Public Works snow line at 589-4795 for up to date information. Thank you for your patience and cooperation as our dedicated Public Works crews work around the clock to clear snow during this major snow event.

As a reminder the solid waste schedule has been modified:

- Tuesday Trash & Recycling will be postponed for ONE WEEK. Residents should expect their next trash pickup to be on Tuesday February 3rd.
- Wednesday Trash & Recycling will be postponed for ONE DAY. Residents should expect their trash to be picked up on Thursday January 29th.
- Thursday Trash & Recycling will be postponed for ONE DAY. Residents should expect their trash to be picked up on Friday January 30th.
- Friday Trash & Recycling will be postponed for ONE DAY. Residents should expect their trash to be picked up on Saturday January 31st.

Please do not put out trash bins overnight to ensure plows have room. The landfill (840 West Hollis Street) will be open normal hours this week. Residents that cannot wait and do need to dispose of their waste can bring their trash to the landfill when it is safe to do so. Please stay tuned to the City website at www.nashuanh.gov for updates in the solid waste schedule.

City Offices will open on Wednesday, January 28 at 10:00 a.m. The Nashua Public Library and Nashua School District will be closed on Wednesday January 28.

The City is asking residents and businesses to clear your nearby fire hydrants and emergency access gates.

Information will be regularly posted on the city's website at www.nashuanh.gov/emergency and on the City social media accounts: on Twitter @nashuaoem and www.facebook.com/nashuaoem as well as the Emergency Info Line at 603-589-3456.
